13. Edward B. Cannan Elementary
14. Robert P. Brabham Middle School
15. William L. Meador Elementary

## FROM THE DESK OF THE SUPERINTENDENT

It is obvious, nestled on the edge of the Sam Houston National Forest and Lake Conroe, Willis is a beautiful place to work, live, and raise a family. Located 50 miles from downtown Houston, Willis is a growing community that offers a premier public education. Covering 158 square miles, Willis Independent School District has nine schools that strive for academic excellence. Led by quality leadership and a dedicated teaching staff, each campus nurtures and guides every student to be successful in our ever demanding society. Willis strives to offer a number of quality programs, both academically and through extra-curricular activities to get all students involved in the educational process. Starting with a full day kindergarten program, each grade level works with every student individually to maximize their academic potential to meet both the local and state education requirements. The following pages give an overview of the quality programs offered on each Willis ISD campus. Our commitment is to children and their success now and in the future. Together we will make a difference.

Brian Zemlicka, Ed.D.  
Superintendent of Schools
